

## CHANTECLAIR LESSIVE LAVANDE (50ml)

17/04/2019 Rev.01

Détergent Liquide pour Machine

CODICE ETICHETTA: 1479

| INCI NAME / Chemical name                                            |
|----------------------------------------------------------------------|
| Aqua                                                                 |
| Alcohol ethoxylated                                                  |
| Sodium Dodecylbenzenesulphonate                                      |
| Sodium Laureth Sulfate                                               |
| Sodium Palm Kernelate                                                |
| Parfum                                                               |
| Pentasodium Ethylenediamine Tetramethylene Phosphonate               |
| Styrene Acrylates Copolymer                                          |
| Sodium Chloride                                                      |
| Sodium Citrate                                                       |
| Disodium Distyrylbiphenyl Disulfonate                                |
| Linalool                                                             |
| Coumarin                                                             |
| Polydimethylsiloxane                                                 |
| Butylphenyl Methylpropional                                          |
| Benzyl salicylate                                                    |
| Sodium Pyrithione                                                    |
| Protease                                                             |
| Isopropanolamine                                                     |
| Laurylamine Dipropylenediamine                                       |
| Tetrapotassium Pyrophosphate                                         |
| Benzisothiazolinone                                                  |
| C9-11 Alcool etossilato                                              |
| quaternary C12-14 alkyl methyl amine ethoxylate methyl Chloride      |
| Benzyl Alcohol                                                       |
| Oxirane, 2-methyl-, polymer with oxirane, mono(2-propylheptyl) ether |
